

*XXXIV International Seminar on Stability Problems for Stochastic Models*

*25 - 29 August 2017, Debrecen, Hungary*

## SECOND ANNOUNCEMENT

**Dear Colleagues,**

It is our pleasure to invite you to the XXXIV International Seminar on Stability Problems for Stochastic Models to be held in Debrecen, Hungary, between 25 - 29 August 2017 under the auspices of Faculty of Informatics, University of Debrecen, Lomonosov Moscow State University and Institute of Informatics Problems of the Russian Academy of Sciences. The Seminar is also sponsored by the Bernoulli Society.

### SCIENTIFIC PROGRAM

The seminar embraces a wide range of topics in probability theory, mathematical statistics, stochastic processes and their applications in different areas of mathematics, informatics, computer sciences, physics and other sciences. There will be plenary lectures (45 minutes), contributed talks (20 minutes) and a poster session is also planned.

Plenary speakers:

- István Berkes (Alfréd Rényi Institute of Mathematics, Hungarian Academy of Sciences; Graz University of Technology);
- Siegfried Hörmann (Université libre de Bruxelles);
- Jean Jacod (Laboratoire de Probabilités, Université Paris VI);
- Thomas Mikosch (University of Copenhagen);
- Bálint Tóth (Budapest University of Technology and Economics, University of Bristol);
- Vladimir Uchaikin (Ulyanovsk State University).

### ABSTRACTS

Participants who intend to give a contributed talk should upload their abstract in English before 16 July 2017. The abstracts should not exceed one page and should be prepared using the abstract template that can be downloaded from our web-page.

### PROCEEDINGS

Selected papers will be published in Journal of Mathematical Sciences.

### OFFICIAL INVITATIONS

In special cases (e.g. if somebody needs a visa to enter Hungary), the Organizing Committee can send personal invitations to take part in the Seminar. We remark, that such an invitation is not a commitment on the part of the organizers to provide any financial support.
